The Mint of the United States at Philadelphia,

~~Superintendent's Office,~~

Chicago Oct 2. 1893.

Col. O. C. Bosbyshell

Supt. U. S. Mint Phila

Dear Sir.

Pair of dies received today.

I have written the Electric Co to hurry up the repairing of the old armature as we had another burn out on our motor today, and we may need another armature at any time.

In spite of having the pens covered with oil all day. it looks like a fence of rusty old scrap iron. and the water has run off it all day in little rivers. condensation from an exceedingly warm moist day.

Very Respectfully

H. S. Beckley

Col. O.C. Bosbyshell
Supt. U.S. Mint Phila.

Dear Sir

Pair of dies received today. I have written the Electric Co. to hurry up the repairing of the old armature as we had another burn out on our motor today, and we may need another armature at any time.

In spite of having the press covered with oil all day, it looks like a piece of rusty old scrap iron, and the water has run off it all day in little rivers. Condensation from an exceedingly warm moist day.

Very Respectfully,
N.S. Beekley
